

# BL-2458N-KK Surge Protector

- Specially designed for 2.4GHz,5GHz WLAN & WiMax antenna feeder
- Helical flake short to realize super broadband & good lightning protection effect
- Simple structure, Firm, Good appearance, Easy to mount

Specifications	
Model	BL-2458N-KK
Freq.Range-MHz	2000 to 6000
Impedance-Ω	50
Max.Power—W	500
Insertion Loss—dB	≤0.2
VSWR	≤1.25
Lightning Protection	Helical Flake Short
Connector	N female/N female
Dimensions-mm	65×25×23
Weight—g	200
Operating Temperature—°C	-40 to +85

- Note:1. Please connect the antenna & the equipment as figure above;  
 2. Weld the grounding cable & the grounding clamp firmly, and then ground the system properly.
