

TQJ-D0727XTYG

Ceiling Mount Antenna

Technical Sheet

Application

- 790~960/1710~2170MHz band (vertical)
- 2500~2700 MHz band(horizontal)
- Indoor use

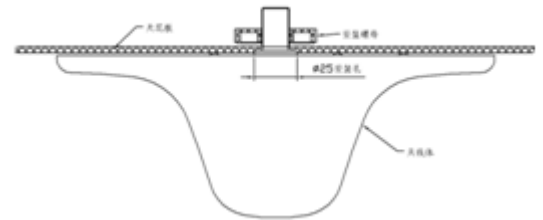

Feature

- Super Broadband
- Vertical and horizontal polarization
- Low VSWR, Stable Performance
- Small Size, Low Profile, Good Appearance
- Easy to Assemble

Specification

Model	TQJ-D0727XTYG	
Freq. range-MHz	790~960/1710~2700	2500~2700
VSWR	≤2.0	≤2
Gain-dBi	2.5	4
Polarization	Vertical	Horizontal
Impedance -Ω	50	
Maximum Power-W	50	
Connector position	bottom	
Connector	N female	
Antenna size-mm	φ258×95	
Weight-Kg	0.7	

Installation Sketch

1. Ceiling mount, as shown in the top figure, you must drill two holes of φ25mm on the ceiling, then take the connector through the hole, and fix the nut to fasten the antenna
2. Note: Any surrounding objects may affect the performance of the antenna.
